Office of Asst. Gen. Mgr. E&R
San Francisco, Calif. March 24, 1944
 (Place) (Date)

General Manager's No. 0-536
 Ass't Gen'l Mgr's No. E&R 1208
 No. _____

Authority for Expenditure of \$ 1,639.00 is requested for purpose of providing temporary
bunk house facilities to property at Las Vegas, Nevada.
 (Station or Location)

Description of project:

Convert remaining space of the present heater building into temporary bunk house and provide additional toilet facilities.

Recommendations:

Part of the heater building was converted into a bunk house in 1942, because it was necessary to provide bunk house facilities to accommodate the number of men needed for protection of the service. However, the space provided was not sufficient to accommodate the number of men employed, further it is proposed to import Mexican Nationals this year and it is desirable to have separate space for them.

It is proposed to insulate and line the remaining 20' x 52' area of the heater house and install a dividing wall which will give sleeping space to an additional 10 men and allow for the storing of bunks, bedding and equipment under lock and key and to provide necessary additional toilet facilities.

Item provided in 1944 Budget.
